🚗 I have Driver License

SUMMARY

I am Mustafa Balaban, a Full Stack Developer, Graphic Designer and PhotoVideographer with experience in the health, defense, education, and advertising industries. With a background in Computer Technology and Programming from Gazi University, I have also run my own advertising agency for six years. Originally from Turkey, I bring a diverse skill set, combining technical expertise with creative vision to deliver high-quality digital solutions. Proficient in using both Windows and macOS operating systems.
